

ICC 2013 meeting

Minutes: TSCGCC meeting in IEEE ICC 2013

Meeting Chair, Jinsong Wu

%%%%%%%%%

Time: Wednesday 12, 17:30-19:30

Location: Guimard/Marjorelle

%%%%%%%%%

1. Welcome and TSCGCC introduction
2. Talks
 - David Grace, the University of York, UK: Scope of SIG on Green Cognitive Communications and Computing Networks
 - Ho Pin-Han, the University of Waterloo, Canada: JSAC Special Issue "Energy-efficiency in Optical Networks"
 - Yuen Chau, Singapore University of Technology and Design, Singapore: the introduction and activities of Energy Harvesting Communications
 - Juergen Quittek, NEC Laboratories Europe, Germany: the status and relevant activities on green research & development in industry
3. Conference and/or journal activities
 - 3.1. Green Tracks: ICC 13, Globecom 13, ICC 14, Globecom 14
 - 3.2. Online Greencom 13
 - 3.3. Green Panels: WCNC 13, Infocom 13, ICC 13
 - 3.4. Other supporting Conferences, such as GC 2013 Cloud worksop (CCSNA), PIMRC 2013 SPECIAL SESSION on Energy Harvesting Communications
 - 3.5 Journal special issues
4. Standardization activities
5. Other issues
6. Adjourn

If you would like to have any presentations on relevant issues to be discussed in the meeting, please freely tell us. The relevant issues may include but be not limited to technical topics/discussions, information on relevant projects, introductions on relevant conferences/journal special issues (recently done or incoming ones), research results, suggestions/ideas in developing the field of

green communications and computing and TSCGCC, standardization issues.

You may also tell us

- how much time do you need for the presentation?
- what would be the topics of your potential talk?
- what would be the relevant issues to be discussed?
- even if you cannot attend this meeting, you still could send your slides us, and we may consider presenting those for you in the meeting.
